CHIEF SECRETARY
19 MAY 1951
GOVT. OF MYSORE

Ref. No. Chs.1262 D/8-5-1951. दि. 18th.May,1951.

To
The Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

– With reference to the above subject we ~~do~~ wish to state that we do have the desire of requesting the Smarak Nidhi Trust Bd. to establish the Museum alloted for Southern India in the Myso State. We have called our Advisory Board Meeting for this purpo on the 23rd.inst. The matter has also been intimated to our Head Office.

– We feel that the Nandi Hill which is connected with Bapuji's life will be the most appropriate place for this purpose. We feel that unless and until we provide a sufficiently large scope for all the constructive activities of Mahatma Gandhi – including a Rural University, this place might not succeed in – attracting sufficient number of pilgrims to ~~that place~~ it. Besides a Rural University, another activity of constructive programme is the solving of the major problems that are confronting our Government and the people alike. One such problem being the – ~~establishment~~ employment of the educated youth on sound economic lines in such productive occupations as will do good to the whole community. The continuous decrease in the fall of rains in the State is another serious problem. A Rural University is expected to solve all such problems besides the improvement of cattle, deficiency in cloth and food and creating the atmosphere in a sufficiently large area alround its location. All this would ~~need~~ mean

mean a sufficiently big expanse of land and a sufficiently large amount of money too. But for the cause for which all this is being conceived the amounts of money that the Govt. may have to provide will never be prohibitive. The land too need not all be below the hills on level ground or directly attached to the Nandi Hills itself. It may be at a distance of few miles from that place and the major portion of it may be away from the usage of the surrounding villages and on the top of the hills. But atleast a compact expanse of 500 acres must be available in such a condition as to be good enough for training the Basic students in agriculture, fruiticulture &tc.

As regards other particulars that you have called for in your letter under reference a statement showing all the details of collections allotment &tc is enclosed for favour of information.

Yours faithfully,

B. Narayanappa.
